RE: Support for HB 48

Dear Representative Bentz,

*Alfred I. duPont Hospital

Mark Mumford,
Executive Vice President
Chief Executive,
Nemours Delaware
Valley Operations

Thank you for being the lead House sponsor of House Bill 48, to create a health care provider loan repayment program. The Delaware Healthcare Association (DHA) strongly supports this legislation.

A strong primary care system can help keep Delawareans healthier longer through prevention care and early identification and treatment of multiple chronic conditions that otherwise may result in costly and debilitating outcomes. A robust system of primary care contributes to better outcomes, lower costs and an improved quality of life for Delawareans. Unfortunately, there is a primary care shortage across the nation and here in Delaware.

HB 48 takes a critical step in bridging this gap by setting up the Health Care Provider Loan Repayment Program to fund up to \$50k per year for four years in medical loan debt as an incentive for new primary care providers to practice here in Delaware. The program would be administered by the Delaware Health Care Commission and priority consideration may be given to DIMER-participating students and participants in Delaware-based residency programs. Funding for the program would come from a public-private partnership: \$1 million from the State, \$1 million from health insurers, and hospitals alone among grant recipient sponsors would match any grants to primary care providers employed at hospitals on a dollar-for-dollar basis.
